PROJECTS / OPEN-SOURCE

RedStore UI | [Link](#)

Html , Css

Designed a responsive e-commerce website UI with intuitive navigation and product discovery.

Created wireframes, high-fidelity screens, and interactive prototypes using Figma.

Focused on user experience, visual hierarchy, responsive design, and conversion-focused layouts.

Hotel UI | [Link](#)

Html,css

Developed a responsive luxury hotel website featuring room listings, pricing, facilities, gallery, and booking form. Focused on elegant UI, responsive design, clear navigation, and user-friendly booking interactions.

NyayaTrack App Design | [Link](#)

Figma

Designed a mobile app for secure police case tracking and investigation status monitoring.

Created user flows, wireframes, high-fidelity UI, and interactive prototypes using Figma.

Focused on usability, accessibility, security, and clear information hierarchy for citizens.
